

I recieved a Fax that made the following declaration...

"Shall we continue to send our great fax offers to you? Please check." the fax asked that i check the box yes or no and send it back to them at 1-900-622-1550. The fax then says the calls are \$3.95 per min. Only at the bottom in distorted writing does it say to be deleted from the data base call 1-800-377-0069. It has a Canada address of P.O Box 76, B3-1410 Parkway Boulevard, Coquitlam, BC, Canada V3E3J7.

the reason I feel that this fax is deceptive is that while it offers a way to get off the mailing list at the bottom, It more clearly posts a toll number to get removed from the list. It seems that the fax it trying to get people to fax back a "no" reply in order to cash in on the people they are harrassing. Please invistigate.
